

Menesjärvi - Aurora Short Break

HOLIDAY TYPE: Flexible Dates

VISITING: Finland

BROCHURE CODE: 21007

DURATION: 3 nights

In Brief

Kapow! Bang, smack, right in the heart of the Auroral zone, reindeer herding country and the snowy wilderness of northern Finland is sleepy, little Menesjärvi. Our flexible programme here allows you to enjoy the silent winter landscapes at your own pace. You can choose which activities you want to do during the day, and we will have you out and about searching for the Aurora at night. After all, this is one of Lady Aurora's favourite places to come dancing!

Our Opinion

“ *There is something so tranquil about Hotel Korpikartano and its surroundings. It is almost impossible to come away from the hotel without feeling re-energised and refreshed. The staff here welcome everyone as friends and are so invested in ensuring everyone has a magical experience at the hotel which they are obviously so proud of. It is a truly a hidden gem of a place which we are honoured to be able to introduce you to.* ”

Trip Overview

The words "real" and "genuine" are too often overused to describe tourism destinations. In the case of Menesjärvi, we cannot stress them enough. This is where the Sami people tend their reindeer herds and Lappish traditions hold sway to this day.

The Hotel Korpikartano (try saying that after a couple of drinks!) is not easy to find. After leaving the main road north at Ivalo, the terrain becomes increasingly isolated until after 30 minutes, you turn onto an even more unlikely piece of snow-covered tarmac. It is easy at this stage to begin wondering what you've let yourself in for, but any unease will last a matter of seconds.

The welcome here is second to none. Owners Anne and Timmo have been our partners for many years now and numerous clients have returned from Menesjärvi singing their praises. Situated on the shore of Lake Menesjärvi (Jarvi means lake in Finnish)) and surrounded by mile upon mile of winter

wilderness, this is the place to really get away from the daily stresses back home.

This is also prime Northern Lights territory and with very little light pollution in this sparsely populated area, the chances of seeing a dazzling Auroral display are extremely good.

The lights are the main focus of your three-night stay, and it is no coincidence that people who are patient and prepared to stay up into the early hours are very often rewarded. For that reason, we have not included any daytime activities but there are several that you can do including: Visiting a reindeer herder, cross-country skiing, dog sledding and visiting the excellent Siida, Sami Museum. These activities can be booked and paid for while you are in Menesjärvi but to guarantee availability you might want to book in advance through The Aurora Zone. After all, there are only so many dogs and sleds to go round.

If you just fancy a long lie-in after a night scouring the skies then you can enjoy free use of snowshoes, kick sleds and sledges during your stay.

Concentrating on the Northern Lights will start with an Aurora workshop. You will receive information about the Northern Lights as well as instruction as to how to photograph them. We do recommend taking a DSLR camera and tripod for the best results.

You will then strap on snowshoes and your guide will lead you into the dark night while all the time looking for those tell-tale green lights as they emerge from the coal-black Arctic firmament.

The second Northern Lights hunt of your stay is on snowmobiles. You will receive full driving and safety instructions before heading into the wilderness in search of Mother Nature's celestial light show.

***Please note:** *The Sámi Siida Museum will sadly be closed for renovation for the 2021/2022 season so the main exhibitions are not accessible. Guests will be able to visit the gift shop and the open-air museum – an outdoor trail showcasing exhibits on the cultural heritage, architectural heritage and livelihoods of Finland's three Sámi cultures. Guests are also welcome to visit Sajos, an architecturally beautiful building in the heart of Inari which is home to the Sámi Parliament and is the centre of Sámi culture and administration. Guided tours and an informative video are offered throughout the day and there is also a shop selling Sámi handicraft, books and music.*

DAY

FREE DAY AND AURORA WORKSHOP AND SNOWSHOE HUNT FOR THE NORTHERN LIGHTS

This 3-night break is all about the Northern Lights and hence, we have left the daytime free for you to do as you like. You can take advantage of the "snow fun" equipment which is free to use during your stay.

As this is very much reindeer herding country, we would certainly recommend a trip to visit a reindeer herder and join him as he checks on his herd. This can be booked in Menesjärvi (subject to availability) or in advance through us at The Aurora Zone if you wish to guarantee your spot(s).

This evening, we will host an Aurora Workshop (approximately one hour) which will include instruction on how to capture the lights with your camera and you will also learn about the science and myths behind the Aurora. You will then strap on snowshoes and head into the dead silence of the Lapland night. This activity will last for around two hours.

With a bit of luck and clear skies, you will be treated to the spectacle that has fascinated human beings for centuries.

Included Meals: Breakfast, Lunch, Dinner

DAY
3

FREE DAY AND SNOWMOBILE HUNT FOR THE NORTHERN LIGHTS

If you stayed up into the early hours you may fancy a relaxing day before heading out again this evening. Alternatively, how about a dog sled safari or, if you fancy something less strenuous, a visit to the excellent Siida, Sami Museum? Both can be booked in advance through us here at The Aurora Zone.

This evening, you will be searching for the Aurora on snowmobiles. You will receive full instruction and a safety briefing before setting off and your guide will head for some of the best local vantage points.

As before, with clear skies and a just a hint of geomagnetic activity in the atmosphere you could witness a sky blazing with shimmering and swirling colour.

You will travel two people per snowmobile with the chance to take turns (providing you both have full licences and are 18 years or over). In total, this activity will last around two hours.

Included Meals: Breakfast, Lunch, Dinner

DAY
4

DEPARTURE

Menesjärvi and the Hotel Koprikartano may be remote and functional rather than five-star luxury but we have always found that it is a very, very hard place to leave.

Nevertheless, leave you must, and you will be returned to Ivalo Airport in good time for your return flights home.

Included Meals: Breakfast

ACTIVITIES

Guided cross-country skiing

Given the Korpikartano's heritage as a boarding school where many of the Sami children travelled huge distances by cross country skis to attend, it seems fitting to give this ancient pastime (and transportation method) a try whilst at staying in the area. A guide will give you full tuition prior to taking a short loop around the hotel to enjoy the peace and quiet. If you do wish to explore again in your free time then you can hire the skis from the hotel directly. You will be out for around one to one and a half hours.

Husky Safari

The highlight of so many people's stay in Lapland is the husky safari. There is truly nothing comparable to preparing the dogs excitement and anticipation before they are on the safari leading almost instantly to the peace and quiet as they head off onto the winter trail. The whole activity here will take around 2 to 2.5 hours (including transfers and some time at the farm to meet the dogs and take pictures) and is a Lapland memory you will treasure forever.

Siida and Inari Village Visit

The Sámi Siida Museum opened in 1998 and is located in the village of Inari around 30 minutes from Menesjärvi. Inari village is of great cultural importance to the local Sámi communities and the museum here provides a fascinating introduction to the Sámi culture and the Northern Nature found in this area. There is a range of permanent and temporary exhibitions. The museum is also home to a wonderful gift shop showcasing some lovely souvenirs produced by local Sámi people. There will also be some free time to explore the village of Inari which has a small supermarket and other souvenir shops

to pick up some gifts to remember your time in Lapland.

Please note: The Sámi Siida Museum will sadly be closed for renovation for the 2021/2022 season so the main exhibitions are not accessible. Guests will be able to visit the gift shop and the open-air museum – an outdoor trail showcasing exhibits on the cultural heritage, architectural heritage and

livelihoods of Finland's three Sámi cultures. Guests are also welcome to visit Sajos, an architecturally beautiful building in the heart of Inari which is home to the Sámi Parliament and is the centre of Sámi culture and administration. Guided tours and an informative video are offered throughout the day and there is also a shop selling Sámi handicraft, books and music.

Included Accommodation

Hotel Korpikartano (Nights: 1-3)

Hotel Korpikartano is a very special place in a breath-taking location in Finnish Lapland. Its situation could not be more idyllic, with a fantastic outlook over Lake Menesjärvi and the remote wilderness beyond. The lack of artificial light in the area ensures that if the Aurora appears, then you can enjoy amazing displays from very close to the hotel.

Hotel Korpikartano was originally a boarding school for those growing up in this remote part of the world and is, therefore, full of quirks, character and charm. The welcome provided by the dedicated team at the hotel, creates a wonderful atmosphere and their passion for the region is infectious.

The staff and guides have a huge passion for this landscape and for providing guests with a truly memorable stay.

The hotel comprises of two main buildings. The first houses the dining room and a number of bedrooms. A separate annexe building (a very short walk away) houses the majority of the guest accommodation.

It is a place with great soul and which offers guests the chance to completely switch off from the everyday and relax in a wild and beautiful environment. You are likely to leave feeling very privileged to have experienced this wonderful place.

Hotel facilities

- Traditional home cooking is the order of the day in the hotel's dining room. The food can be

described as 'simple, tasty and hearty' and is very much designed to fuel you up for your outdoor adventures. In many cases, the evening's set menu will contain local ingredients such as fresh fish that one of the staff has caught, berries which have been foraged, or meat purchased from the local reindeer herders. The set meals are all self-service. Breakfast is a buffet of breads, meat, cheese and fish with the addition of porridge and fruit. Lunch and evening meals start with a salad and bread, a set main and then a pudding which is often a local speciality. Please let us know at the time of booking if you have any dietary requirements so these can be accommodated.

- You can also purchase a range of wine, beer and spirits to accompany your meal.
- Obviously, saunas are a pre-requisite in these parts and there are two, one in each building. They can each be booked privately by guests each day in hour long slots.
- There is an outdoor wood-burning sauna and rustic hot tub. Should you request the use of the outdoor sauna (a local charge will apply), don't forget that a dip in the lake (in autumn) or a roll in the snow (in winter) is almost obligatory (as long as you are in a good physical condition).
- The simple lounge (near the reception) provides tea and coffee making facilities. Consider this to be the perfect spot to relax by the stove with a book but remember to keep your eyes peeled for the Northern Lights as the windows face north!
- There is free Wi-Fi for guests to use throughout both buildings and there is a PC available at reception.
- Books and games are also available to borrow from reception.
- If you are travelling in the winter then the hotel offers free use of snowshoes, cross-country skis, kick sleds and toboggans so there is also something for those who love the great outdoors and want to explore independently between activities. There are marked trails across the stunning frozen lake and maps are available at reception.
- If you want to send a memento home, then there are postcards available to purchase and some local Aurora photography is for sale.
- There is a lakeside Kota (wooden tepee) which is open for all guests during the evening. Here you can light a fire and warm up in between forays out onto the lake in search of the Northern Lights.

Room types

The 28 guest bedrooms vary in size and shape as you may expect from a former school. They are cosy, comfortable and decorated with locally-sourced wood. Some of the furnishings have been crafted by the owner's own hand.

All guest bedrooms have an en-suite bathroom with shower and a hairdryer. Cups and kettles are provided in each bedroom and a variety of teas and coffee is available in each building for you to take to your room.
