

# Nangu - Northern Lights short break

**HOLIDAY TYPE:** Small Group  
**VISITING:** Finland

**BROCHURE CODE:** 2914  
**DURATION:** 3 nights

## In Brief

Spend three nights in a wonderful whirlwind of winter activities by the shores of Lake Inari. This short trip doesn't compromise on activities with experiences including husky sledding, a reindeer farm visit, snowmobiling and snowshoeing. At night, you will search for the Northern Lights on foot and at an Aurora Camp.

## Our Opinion

“ We were all so excited when Jouko and Mari announced the opening of Hotel Nangu. The accommodation is simply idyllic, with a gorgeous décor and everything you could need on-site. Everywhere you turn there are stunning views, particularly from the communal area and restaurant. It's also fantastic what you can do here in just two full days. All of my favourite activities are in this itinerary, yet I still felt like I had time for a couple of well-deserved breaks in between all of the action. ”

## Trip Overview

Venture 250km north of the Arctic Circle to the southern shores of Lake Inari in Northern Finland, and experience a short-but-sweet, Northern Lights hunting holiday.

The newly transformed adults-only (16+) Wilderness Hotel Nangu is just a total haven of peace and quiet and is tucked in the most incredible lakeside location in the depths of the wild. It is small scale and just oozes comfort and charm with its high-end décor and stunning log-built construction. The owners also happen to be our longstanding friends and suppliers, and we know that they offer nothing less than excellence. With this as your base, we can assure you that every free moment you have can be savoured and enjoyed. The hotel's proximity to Lake Inari means that, by night, there is a vast expanse of dark sky above you, ideal for Northern Lights hunting.

The lake and surrounding area also offer a base for a myriad of activities during your time here. Despite the short length of this trip, we have included all the "must-dos" when visiting Northern Finland. You will do some incredible dog sledding and visit a reindeer farm, you'll explore the wilds on snowshoes and will have the chance to try snowmobiling. We have also included two Northern Lights hunts.

By night, you will spend one relaxed evening at an Aurora Camp which you will typically reach via a snowmobile-pulled sleigh. With your expert guide, you will sit around a warming fire in this prime viewpoint and will wait to see if the Northern Lights will appear. Your second trip will see you venture out on snowshoes as you head to an ideal viewpoint with your guide in the hope of catching a display.

So, go on, spare a few days from your hectic schedules this winter and escape to the remote wilderness of Northern Finland. Returning with memories that will last a lifetime and impressive stories to tell your friends and family, we know that you will not regret it.

Please note: If you are travelling over Christmas or New Year, you will enjoy a festive dinner and celebrations on the 24<sup>th</sup> or the 31<sup>st</sup> of December (traditionally in Finland, Christmas is celebrated on Christmas Eve).

DAY

## DOG SLEDDING, REINDEER FARM VISIT AND EVENING AURORA CAMP

Today, the trip will truly commence as you begin your first full day at Nangu, which includes one of our favourite winter activities as well as an evening Aurora hunt.

After filling up on breakfast, you will take a transfer to the husky farm where you will meet an expert musher (and your guide for the day) who will give you a brief tour of the farm. The first thing that you will notice is the loud, impatient barking of the huskies that are raring to take you on your sleigh-ride. They must wait a little longer as you are given a thorough safety briefing and lesson on how to guide your own husky team before you set off.

Once your guide is comfortable that you are ready, you will head out, huskies first, on an unforgettable journey. With two sharing a sled, you can appreciate the sudden silence as the dogs are so focused on running. This is an unforgettable way to enjoy the snow-laden trees and the stunning, crisp white surroundings. Half-way through the drive, you will have the chance to pause and swap with your driving partner, so that both of you can try taking control. After your adventure, you will travel to a nearby reindeer farm, where you will meet with a reindeer herder. Here you will learn about the Sámi culture and have the chance to meet and feed the reindeer. Lunch will then be served in a hotel.

Overall, this activity will last for around six hours (including transfers and lunch), so you will be more than ready for a delicious dinner in the hotel restaurant tonight!

Your busy day will end with a relaxing Aurora hunt, as you head to a dedicated Aurora camp in the hope of spotting the Northern Lights this evening.

Beginning with a snowmobile-pulled sleigh ride, you will kick back and enjoy a cosy journey beneath the stars. You will travel further and further away from any light pollution from the hotel until you come to an Aurora camp spot where you can huddle up around a warming open fire.

Hopefully, while you enjoy a hot drink and some interesting facts and stories told by your guide, the Northern Lights will dance and swirl above you, lighting up the night and putting on an awe-inspiring display. This activity will last around two and a half hours in total.

**Included Meals:** Breakfast, Lunch, Dinner

DAY  
3

SNOWSHOE WALK, SNOWMOBILING TRYOUT AND AURORA SNOWSHOE HUNT

After breakfast today, you will explore this wild and wonderful spot on foot, using snowshoes to ease your travels.

Snowshoes will be provided by the hotel, and your guide will show you how to securely strap these over your winter boots before you set off. It is amazing how much further you can travel in snowshoes, as you can cover areas of extremely thick snow that you would otherwise find yourself knee-deep in.

With your guide leading the way, you will take to the snowshoeing trails and venture to even more remote areas of wilderness. Along the way, your guide will explain features of the landscape and any wildlife that you might see. It is also common to spot animal prints embedded into the snow, which your guide can give you some insight into.

Weather permitting, you will break for lunch while the comforting sound of a crackling open fire acts

as the only background noise in the peaceful surroundings. This activity will last for around four hours including lunch.

In the afternoon you will get to try one of the most popular forms of transport in Lapland as you board snowmobiles for an introductory safari. You will be given a safety briefing and full instructions before heading out on a short safari in the hotel's surroundings with your guide. Please note that you must be over 18 years of age and hold a valid driving licence in order to drive a snowmobile. The safari will last for around two hours.

After a relaxed late afternoon and final dinner at the hotel, you will head out on a snowshoe Aurora hunt for the final night of your trip.

With your guide leading the way, you venture onto the lake and head to a prime Aurora viewpoint. Here, a fire will be lit, and you will gather with your guide to wait and watch for a potential Aurora display. This is a wonderful way to spend an evening in the wilderness and if the Northern Lights dance above your head, it will be unforgettable. The activity will last for around two and a half hours in total.

**Included Meals:** Breakfast, Lunch, Dinner

DAY

### Our pick

## Aurora Huts

Immerse yourself in the spectacular Finnish wilderness and spend an unforgettable night hunting the Northern Lights from a unique Aurora Hut.

The Aurora Huts are the very latest in Aurora accommodation, and their innovative design makes them a wonderful addition to any holiday at Nangu. They are completely mobile and can travel across ice, snow and can even float on water. They are situated on the edge of frozen Lake Inari, so you will be away from any artificial light pollution.

The huts allow you to spend the night surrounded by the pristine landscape of Lapland and the floor to ceiling windows provide exceptional views of the night sky. As darkness falls, you can relax in your cosy double bed and gaze up at the Arctic firmament as you keep watch for the Northern Lights.

Because they need to be easy to move by snowmobile, the huts are compact, but they have electricity and the clever designers have also managed to fit in a small composting toilet for convenience. Please note that there is no running water. However, you'll only be a short distance from Nangu so you can utilise your room's shower facilities the next morning before breakfast.

*Please note: the price is based on a per person per night basis.*

## Included Accommodation

Other options are available - see below for details.

### Wilderness Hotel Nangu (Nights: 1-3)

Wilderness Hotel Nangu is an adult-only (16+), boutique hotel tucked away in a secluded spot close to the shores of Lake Inari in North East Finnish Lapland. This is the ideal place for those wanting to

escape to a real haven of peace and quiet which just oozes rustic style, charm and comfort. Think handmade wooden furniture, sheepskins, stunning log architecture, comfy chairs and roaring fires; all with a view over snow-laden trees and a vast frozen lake beyond.

The central log-built restaurant and reception building is a spectacular spot in which to dine and unwind and the elegant wooden buildings which contain the bedrooms are around 20-50 metres away.

The hotel was transformed in 2017 by our longstanding friends and partners Jouko and Mari and they have really put their heart and soul into making Wilderness Hotel Nangu the grown-up retreat that it is.

In prime Aurora territory and just a minute's walk from the shores of Lake Inari, this is really an incredible place in which to hunt the Northern Lights.

There are only 36 bedrooms here and so there is also a real exclusivity about this place and we would really recommend booking early to avoid disappointment.

## Hotel Facilities

- The wonderful main log building contains the reception, dining area and lounge where a roaring log fire and tasteful décor makes for a relaxed and welcoming atmosphere
- We think the food at Nangu is delicious and the setting for your meals could not be more delightful. Breakfasts and lunches are both varied buffets with local and international flavours. Evening meals are served at your table (except for Christmas and New Year's Eve) and guests are provided with two or three choices each evening
- There is a sauna situated in one of the bedroom buildings and this is available for guests to reserve during their stay. The ideal way to relax after a day of activities
- Free Wi-Fi is available in the public areas at Nangu, but really, other than checking the Aurora forecasts, we recommend that you just switch off from the outside world
