

Torassieppi - Lakeside Auroras

HOLIDAY TYPE: Small Group
VISITING: Finland

BROCHURE CODE: 2202
DURATION: 7 nights

In Brief

Torassieppi resides in the wonderfully remote forested-fells of Finland. A 7-night stay in this secluded spot gives you an excellent chance of seeing the Northern Lights and our itinerary even includes a night in an Aurora Dome. You'll also take part in brilliant daytime activities to complete your holiday.

Our Opinion

“ I love the mixture of activities in this holiday. I feel it provides the perfect combination of gentle daytime activities and Northern Lights searches, all wonderfully complemented by the quaint and traditional feel of Torassieppi. The remote location means that you are in the prime spot to enjoy the stunning Lappish scenery or perhaps even the Northern Lights as they light up the night sky. Torassieppi has become one of our most popular location and this is one of our most sought after longer trips. ”

During the days you will enjoy a wonderful variety of experiences and activities. There will be adventures such as a dog sled safari and a thrilling snowmobile adventure. You will gain an insight

into local culture and life in the North during a visit to a reindeer farm, a cookery lesson, an evening with a shaman and an introduction to some local skills such as ice fishing. There will also be a snowshoe hike in the famous Pallas Fell area and a chance to relax in the Arctic Elements Sauna World.

DAY
1

ARRIVAL IN LAPLAND

Upon arrival at Kittila Airport, you will be greeted and transferred to Torassieppi, where you can check in to your accommodation. This holiday is based on staying in one of the rooms, but winter cottage upgrades are also available.

This evening you will dine in the main restaurant, where local produce is used in the dishes where possible.

Included Meals: Dinner

DAY
2

LOCAL CULTURE, REINDEER FARM VISIT AND SLEIGH RIDE, AURORA CAMPFIRE

After a hearty breakfast, your holiday will start with a stroll to the reindeer farm, adjacent to your accommodation. Here you will meet the herder, and they will provide an insight into the lives of the animals and the role they play in the local area. Your reindeer encounters will culminate with a sleigh ride covering around 3km.

During your visit, you will also be able to explore the small on-site museum and the farmhouse which dates back to the 1800s. You'll capture a sense of what life must have been like in the Arctic before motorisation brought transportation links to this remote corner of Europe.

Your lunch will be served in a traditional wooden kota (tepee) around the fire.

There will then be some free time and the chance to explore Torassieppi Winter Village should you wish to do so. You can take in the ice bar, restaurant and rooms, which are all constructed from scratch each winter.

Dinner will be served back in the main restaurant this evening.

After your warming meal, your guide will provide you with an introduction to the Northern Lights, including some of the science and myths behind them. They will then lead you to a nearby Aurora viewpoint where you will build a fire, toast marshmallows and enjoy hot chocolate. Should conditions be favourable, you will be in a prime location for witnessing a display, and regardless, this is a wonderful way to spend an evening in the Arctic.

Included Meals: Breakfast, Lunch, Dinner

DAY
3

HUSKY SAFARI, LOCAL COOKERY COURSE, AURORA DOME

Today is sure to be a day of holiday highlights, as first up on your agenda is a husky safari.

Your guide will introduce you to your teams of eager huskies and will provide you with full instruction on how to handle a sled. You will then set off on the trails, travelling two people per sled, for a thrilling adventure covering around 15km. You'll cross frozen lakes, swamps and travel through the forests on your adventure and there will be the chance for you to swap drivers during the trip. Lunch will be served back at Torassieppi.

This afternoon you will have some time to relax and enjoy your surroundings.

Early in the evening, you will join your guide in the on-site kota for a memorable cookery lesson, where you will be shown how to cook some traditional local dishes. These will be served alongside the rest of your dinner menu, in the kota tonight.

Tonight is when, in most cases, guests will spend the night in their incredible Aurora Dome accommodation. The domes offer Aurora glamping at its best and are equipped with a double bed, wood burner and an electric heater. Toilet facilities are a short walk away. The raison d'être of the domes, however, is that one of the walls is see-through, so you can admire the views of the night sky in comfort. Your dome night will be confirmed at the time of booking. If you spend a mid-week night in the dome, then you will keep your standard accommodation, should your stay be on your final night, then you will check out of your room/cottage in advance of checking in to the dome.

Included Meals: Breakfast, Lunch, Dinner

DAY
4

LOCAL SKILLS AND GAMES, AURORA SNOW TRAIN

This morning you will have some free time either for additional activities, independent exploration (cross-country skis and snowshoes can be rented locally) or simply in which to relax. Breakfast and lunch will be served in the restaurant as normal.

In the afternoon it is time to learn how to live like a local. You will be shown how to build a fire, make real Finnish coffee (it's rustic but great!), sample some local food and drink, and try your hand at a traditional game played by the locals.

Dinner will be served back in the restaurant.

Tonight you will head out for a magical Aurora Snow Train ride. The snow train is a tracked, all-terrain vehicle with heated carriages for you to sit back and relax as you search the Arctic night's sky for the Northern Lights. Your guide will use their expert knowledge to search for the Aurora, taking you to a remote viewpoint where a fire will be lit and snacks and warm drinks will be served, as you look to the skies.

Included Meals: Breakfast, Lunch, Dinner

DAY

SNOWMOBILES AND VISIT TO HARRINIVA HUSKIES

A thrilling trip awaits today, as you travel by snowmobile to Torassieppi's sister hotel Harriniva, to visit the husky centre.

Snowmobiling is an ideal way to explore this region and get a real sense of the scale of the wilderness. Travelling in pairs, you will be given full instruction and a safety briefing before setting off, covering around 40km in total throughout the day.

On arrival at Harriniva, you will be given a tour of one of the largest sled dog centres in the world where you can meet the eager dogs and hear about the lives of the animals and their mushers.

Lunch will be served at Harriniva before you return to Torassieppi on your snowmobiles. Please note that you must be over 18 and hold a full driving licence to drive a snowmobile. Those under 18 will typically sit in a sled pulled by the guide's snowmobile (depends on age and height).

Dinner will be served back at Torassieppi this evening.

SNOWSHOE HIKE, ARCTIC ELEMENTS SAUNA WORLD AND EVENING

Your guide will point out any animal tracks and points of interest along the way.

Next, you will head to another of Torassieppi's sister hotels, at Jeris. Here lunch will be served in the restaurant before you enjoy some well-earned relaxation in their Arctic Elements Sauna World. Torassieppi Winter Cottages

Torassieppi offers 8 detached winter cottages to which you can upgrade. The cottages are ideal for those who want more space or for larger groups of people. Located close to the main restaurant, they are only a short walk away through the snow-laden trees and close to the frozen lake beyond.

The smaller cottages contain a fireplace, living room area, toilet, shower, hairdryer and kitchenette. There are two bedrooms, one with twin beds and another with three beds (including a set of bunk beds). These can accommodate two to five people, we feel they are ideal for 3 or 4 adults.

Torassieppi also has some larger cottages and these have their own sauna in addition to the fireplaces. The larger cottages offer a living room area, toilet, shower, hairdryer and kitchenette with a kettle. They have two bedrooms which have twin beds and a sleeping alcove with bunk beds. Whilst they can sleep up to 6 people, we feel that they are most suited to 4 or 5 adults.

Please contact our Travel Experts for a quotation if you would like to upgrade to a winter cottage.
