

Muotka - Tailor Made

HOLIDAY TYPE: Tailor Made

VISITING: Finland

BROCHURE CODE: 20005

DURATION: 3 or more nights

In Brief

Tailor your short break and set a pace that suits you in the forests and fells of Finnish Lapland. The wintry surroundings of Muotka, provide you with the perfect playground to enjoy as many activities as you wish and of course, hunt for the Northern Lights.

Our Opinion

“ When Jouko first told me he had bought another hotel in Lapland I did have my concerns... Nellim (the other hotel he owns) has always been a bestseller for us and a real personal favourite destination. These were some very big shoes to fill! However, I think the beauty of Muotka is in its contrast to Nellim. It is located deep in the snowy Taiga Forest which looks like a scene straight from a postcard. The hotel's proximity next to Urho Kekkonen National Park also means that it has a very exclusive feel and it is rare to see another person during activities (except for the odd Finn enjoying the network of cross-country ski trails). If you want to get away from it all then this is the perfect wilderness destination and the flexibility of tailor-made allows you to create your own perfect itinerary during your stay. ”

LITTLE EXTRAS

Cross-Country Ski and Snowshoe Hire

During your free time, you might like to take advantage of the local ski and snowshoes trails. Equipment can be rented locally, and reception can provide you with the necessary maps.

If you are exploring independently, please ensure you are properly equipped and have your phone and the hotel's contact details with you just in case.

£19 per day per set of equipment and subject to availability.

Aurora alert

An 'Aurora Alert' is an excellent addition for any keen Northern Lights hunter and can be arranged on arrival at your destination. Effectively, this is a buzzer which sounds when the lights have been spotted outside. When you hear an alert, it is time to put your cold weather clothes on and get away from any lights to watch the dark skies.

These alerts will generally operate until around 1 am but we always advise that you confirm with hotel staff as the times may vary.

The alerts are designed to be an aid to Aurora hunting and whilst every effort will be made to issue a text message to you should the weather and solar conditions seem conducive to a display, this cannot be guaranteed. The situation can change very quickly so you should keep an eye on the sky yourself and not rely solely on them.

Price: £10 per room per day
