Tailor your Northern Lights holiday to suit you whilst staying at Hotel Nangu, an adult-only (16+), Aurora-focused hotel. Sitting on the shores of Lake Inari, Finland, this is a perfect base for you to choose from an array of winter activities including snowmobiling, dog-sledding, Northern Lights hunts and more.

Our Opinion

“*Hotel Nangu is owned by one of our longest standing partners. Indeed, they are more than partners, they are old friends and we are so excited as this is their newest accommodation. The renovations are simply beautiful, and the whole thing was designed with mainly two things in mind: adults and the Northern Lights! This means that you can see amazing views of the lake from almost everywhere, and particularly from the superior rooms which have panoramic windows. Plus, the hotel offers all of the best activities.*”

Trip Overview

Hotel Nangu is a stunning, boutique hotel sitting on the southern shore of Lake Inari, Finland's third-largest lake. Nangu only accepts guests aged 16 and above during the winter period so you would be hard pushed to find a more peaceful and relaxing base for a winter break.

The hotel has been carefully located and designed in order to enhance guests' chances of seeing the Northern Lights. The expansive lake-view offers a wide vista of the dark sky which isn't affected by light pollution making it perfect for Aurora hunting.

The lake's thick ice also offers a fantastic playground for Northern Lights-dedicated activities as well as daytime excursions, as its frozen surface can be used for snowmobiling, ice fishing and snowmobile-

pulled sleigh rides.

Of course, the surrounding snow-laden forests make for excellent snowshoeing routes and cross-country skiing trails. And you don't have to travel very far to enjoy a thrilling dog sledding adventure including a visit to a reindeer farm.

A tailor-made trip to Nangu will allow you to experience all of the best winter activities in a breathtaking wilderness environment whilst staying in the warmth and comfort of a boutique hotel.

All you need to do is select your preferred activities from the "Activities" tab, speak to our travel experts, and your trip is your own. The perfect way to round off each day spent in the snowy wilderness is to luxuriate in the hotel's traditional sauna. Saunas are bordering on compulsory in Finland and there is no denying that the world always feels like a better place once you emerge from the steam.

ACTIVITIES

Husky Safari and Reindeer Farm Visit

This full-day activity combines a fantastic dog sledding adventure with the chance to meet and feed local reindeer.

You'll be transferred to a husky farm and on arrival, your expert musher will greet you and you will then receive a thorough safety briefing and lesson on how to guide your own team of huskies and control a sled. All the while, this will be accompanied by impatient yaps and barks in the background, as the dogs wait to begin their run.

Bursting with energy, the dogs will set off on the trail, following your guide who will lead the way, and you will travel two people per sled. You will travel through a beautiful wintery landscape. Along the way, you will take a break so that you have the chance to swap drivers if you wish. Then, the ever-eager dogs will take you back to the farm.

Now is the perfect time to meet the huskies properly and take some pictures, as they will be far more relaxed after their run.

After your husky safari, you'll be taken to a reindeer farm, which will give you an insight into this way of life in Lapland. The reindeer herder will tell you about Sámi culture and the life of the reindeer and you will also have the chance to meet and feed the reindeer. Following this, you will enjoy lunch at a hotel.

Duration: approximately 6 hours in total (including transfers and lunch)

Aurora Sledge Private Safari

This private safari offers the perfect way to hunt for the Aurora in style. Travelling in a heated sledge which is pulled by your guide's snowmobile, you can sit back and enjoy the landscape, gazing out of the expansive, clear roof, as you're driven across Lake Inari in search of the best Aurora viewing points.

Should the Northern Lights make an appearance, your guide will stop so that you can watch the skies above and perhaps capture a few photographs of the special moment.

For a supplement, you can upgrade the sledge safari to include dinner around an open fire – please speak to our Travel Experts for a quotation.

Duration: approximately 2.5 hours (3 hours with dinner) in total

Snowmobiling tryout

Many find the idea of driving a snowmobile slightly daunting and jump at the chance to ride as a passenger instead of taking control. However, we know from first-hand experience that you are hugely missing out if you do not seize the opportunity to drive one yourself. Therefore, we present you with a beginner's driving lesson for those who want a little extra support and confidence before their first ride.

Firstly, your guide will familiarise you with the snowmobile and its controls (there really aren't many), providing a full safety briefing and a driving lesson. By the time this has finished, you will feel confident enough to set off, two people per snowmobile, on a guided excursion. As you grow increasingly comfortable with your machine, you can pick up the pace whilst enjoying your snow-carpeted surroundings.

The distance you cover will depend on the group, but the activity will last for around two hours in total.

If you wish to drive your own snowmobile please ask our Travel Experts for a quotation.

Please note: the driver must be at least 18 years old and hold a valid driving licence.

Duration: approximately 2 hours in total

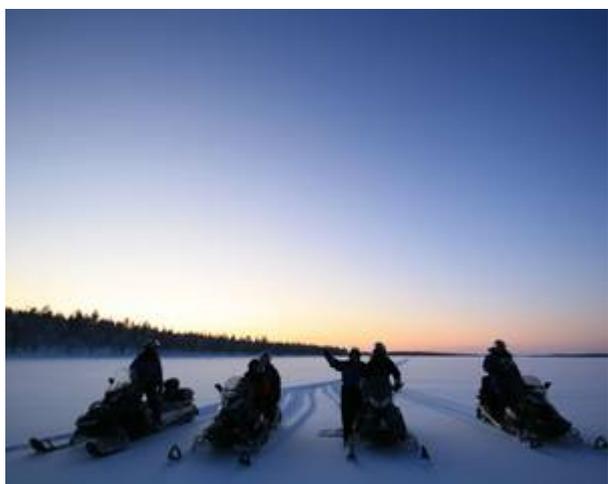

Aurora snowshoeing

This Northern Lights excursion offers a peaceful yet active hunt through the surrounding nature, as you strap on your snowshoes and tread over thick blankets of snow beneath the dark Arctic sky.

Your guide will lead the way onto the lake and through the surrounding wilderness until you reach your camp spot, where you will warm up with hot beverages and gaze at the sky in the hope of catching the Northern Lights. If they make an appearance, you will all watch and admire as they dance and move above you.

Duration: approximately 2.5 hours in total

Explore the wilderness by snowmobile

This excursion promises to be a thrilling experience, as you head out into the untouched wilderness, onto frozen lakes and snowy forests.

Whether you are a beginner or have driven a snowmobile before, it does not matter as a full safety briefing will be given before you set off on your guided journey (2 people per snowmobile). Lake Inari is the third largest lake in Finland and in winter it is the perfect playground for snowmobilers. With wide-open spaces, fantastic views and very little need for any technical steering skills.

You will eat lunch around a cosy open fire, with hot drinks for added warmth.

If you wish to drive your own snowmobile please ask our Travel Experts for a quotation.

Please note: the driver must be at least 18 years old and hold a valid driving licence.

Duration: approximately 4 hours including lunch

Aurora snowmobiling

Snowmobiling at night is a completely different experience to during the day and it always feels as if you are travelling at a much faster pace. You're not of course but it can be so thrilling to cross Lake Inari which is shrouded in Arctic darkness.

First, you will receive all of your necessary equipment and a full safety briefing. Based on knowledge of the evening's predicted Auroral activity and the local weather forecast, your guide will then lead the way to what will hopefully be a prime Northern Lights spotting location.

The dark, expanse of sky over the lake will hopefully be glistening with green and red swirls as the Northern Lights dance above you. If so, you will all turn off your engines, switch off the headlights and stop to appreciate the fantastic display and a hot drink.

Two people will share a snowmobile on this excursion, and distance covered will depend on the Northern Lights visibility tonight.

Please note: The driver must be at least 18 years old and hold a valid driving licence

Duration: approximately 2.5 hours in total

Aurora Camp

This relaxing Northern Lights hunt is perfect for those wanting to kick-back whilst still enhancing their chances of spotting the Aurora.

Your excursion will begin in a sled as your guide pulls you over the open space of Lake Inari on his or her snowmobile. Hopefully, the Northern Lights will be shimmering above you making the journey an unforgettable one. If they do not make an appearance, the Arctic sky alone is enough to keep you occupied as the clarity of the stars here is awe-inspiring in itself.

Your sleigh-ride will lead to one of the local Aurora camps where you can enjoy the warmth of a crackling fire and a hot drink while you stay on the lookout for the Lights.

Nangu's Aurora camps are set in prime positions to enhance your prospects of seeing the Aurora, and the lack of light pollution over Lake Inari heightens your chances hugely. There is no guarantee that they will appear, but if they do it will be a night you may never forget.

Duration: approximately 2.5 hours in total

Cross-country skiing

Cross-country skiing is a traditional Finnish winter sport, and a "must-try" when you are here in Finnish Lapland!

Do not worry if you have never skied before, as you will be given a full safety briefing and lesson which will include tips and techniques that will help you along. Even those experienced downhill skiers will find this a completely new experience, so the group can muddle along together until everyone finds their feet. Then, your guide will take you out on the trail, keeping to a pace and route that is suitable for the group.

Duration: approximately 2 hours in total

Snowshoeing

This activity will take you deep into the wilderness that surrounds Nangu. Your snowshoes will be provided, and you will strap them to your winter boots prior to setting off on the trail.

Your guide will take you through the stunning winter scenery, while you appreciate the peace and quiet as the snow deadens any sound and only the crunching sound of your feet on the ground is audible. While you walk, your guide will share information and stories about the area's nature and wildlife.

During this activity, you will stop for hot drinks and lunch around a campfire.

Duration: approximately 4 hours in total including lunch

Ice fishing trip with snowmobile-pulled sleigh ride

On this excursion, you will hop into a sleigh and your guide will pull you along behind his or her snowmobile.

Once you reach the lake and your guide has chosen an ideal spot for fishing, you will stop there and your guide will set up. After showing you how to drill a hole in the ice and use the equipment, you will wait patiently in the hope of a catch.

After fishing, you will also enjoy hot drinks and lunch around a campfire; hopefully, you will be eating fresh fish!

Duration: approximately 4 hours including lunch

Gentle Snowshoeing

This activity is a gentle introduction for complete beginners to a popular activity in Finnish Lapland. Your guide will give you full tuition and help you fit your snowshoes before you head out to explore around the hotel along a trail which really shows how remote this hotel is. There is something really special about exploring the pristine winter wilderness under your own steam before heading back to the hotel for a well-deserved rest in the cosy lounge area.

SPECIAL NIGHTS

Aurora Huts

Immerse yourself in the spectacular Finnish wilderness and spend an unforgettable night hunting the Northern Lights from a unique Aurora Hut.

The Aurora Huts are the very latest in Aurora accommodation, and their innovative design makes them a wonderful addition to any holiday at Nangu. They are completely mobile and can travel across ice, snow and can even float on water. They are situated on the edge of frozen Lake Inari, so you will be away from any artificial light pollution.

The huts allow you to spend the night surrounded by the pristine landscape of Lapland and the floor to ceiling windows provide exceptional views of the night sky. As darkness falls, you can relax in your cosy double bed and gaze up at the Arctic firmament as you keep watch for the Northern Lights.

Because they need to be easy to move by snowmobile, the huts are compact, but they have electricity and the clever designers have also managed to fit in a small composting toilet for convenience. Please note that there is no running water. However, you'll only be a short distance from Nangu so you can utilise your room's shower facilities the next morning before breakfast.

Please note: the price is based on a per person per night basis.

escape to a real haven of peace and quiet which just oozes rustic style, charm and comfort. Think handmade wooden furniture, sheepskins, stunning log architecture, comfy chairs and roaring fires; all with a view over snow-laden trees and a vast frozen lake beyond.

The central log-built restaurant and reception building is a spectacular spot in which to dine and unwind and the elegant wooden buildings which contain the bedrooms are around 20-50 metres away.

The hotel was transformed in 2017 by our longstanding friends and partners Jouko and Mari and they have really put their heart and soul into making Wilderness Hotel Nangu the grown-up retreat that it is.

In prime Aurora territory and just a minute's walk from the shores of Lake Inari, this is really an incredible place in which to hunt the Northern Lights.

There are only 36 bedrooms here and so there is also a real exclusivity about this place and we would really recommend booking early to avoid disappointment.

- We think the food at Nangu is delicious and the setting for your meals could not be more delightful. Breakfasts and lunches are both varied buffets with local and international flavours. Evening meals are served at your table (except for Christmas and New Year's Eve) and guests are provided with two or three choices each evening
- There is a sauna situated in one of the bedroom buildings and this is available for guests to reserve during their stay. The ideal way to relax after a day of activities
- Free Wi-Fi is available in the public areas at Nangu, but really, other than checking the Aurora forecasts, we recommend that you just switch off from the outside world
