HOLIDAY TYPE: Small Group
VISITING: Finland

BROCHURE CODE: 2507
DURATION: 4 nights

In Brief

This 4-night holiday is for those who wish to enjoy the stunning Finnish landscape at a leisurely pace. You'll take part in laid-back, dedicated Northern Lights hunts in the evenings and have free days to enjoy your spa hotel or additional activities. This is a relaxing break to Luosto with exceptional Aurora opportunities.

Our Opinion

“ Many people contact us saying that they would love a Northern Lights holiday but don't really fancy dog sledding, nor do they want to join the cruise crowds working their way up and down the Norwegian Coast. Here's the solution. We've created this Northern Lights holiday for anybody who simply wants to relax in stunning surroundings and enjoy some excellent Aurora opportunities. Our solution combines a wonderful small village location with some gentle Aurora hunting activities, a meal in a traditional kota (tepee) in a remote area as well as a walk on the Northern Lights trail just behind the hotel. ”

Trip Overview

We have designed our Northern Lights at Leisure trip for those people who wish to enjoy the wonderful Arctic environment and increase their chances of seeing the Northern Lights but, at a relaxed and gentle pace. Whilst snowmobiling and husky sledding can be hugely popular activities we appreciate that they are not for everyone. This holiday is, therefore, ideal if you wish to enjoy a more leisurely pace during your Aurora hunting ventures.

You will be staying in the wonderful Luosto Hotel Tunturi which, with its swimming pool, spa facilities and superior rooms, makes for a delightful base for your Arctic retreat. Alternatively, you could choose to stay in the hotel's cosy log cabins located just a few minutes' walk from the hotel itself where you can make use of all of the hotel's wonderful facilities. All of these wonderful accommodation options are centrally situated in the small ski resort of Luosto, meaning you can explore the village with ease.

Throughout each day, you have been given free time to tailor your stay and have complete flexibility.

You may want to relax in the pool, perhaps book some treatments (charges apply locally depending on the choice of accommodation) or take a walk outside to soak up your idyllic winter surroundings.

For those looking to be a little more active, there are a wealth of activities which can be arranged in Luosto and you can choose exactly how active you wish to be. You can enjoy a reindeer sleigh ride, visit an amethyst mine or try some of the more exhilarating activities such as snowmobiling and dog sledding. The cross-country ski trails, snowshoe tracks and downhill ski slopes are also popular options.

You will enjoy a range of Northern Lights activities including a Northern Lights snowmobile safari, during which you can choose whether to spend the time driving or relaxing in a sleigh, an evening on the Aurora Trail and a dinner in a wilderness kota with excellent views of the night sky.

We have been sending guests to Luosto for many years now and it is a location that is sure to charm guests with its fell scenery, laid-back activities and friendly local people. We love this trip for its relaxed pace which makes it ideal for guests who wish to tailor their holiday whilst enjoying some dedicated Aurora activities.

DAY
1

ARRIVAL, INTRODUCTION AND NORTHERN LIGHTS TRAIL

Upon arrival at the airport, you will be welcomed before being transferred to your accommodation at Luosto.

The drive will take you through the wilderness and forested fells of Lapland before you come upon the village of Luosto. The village retains a huge amount of traditional Lappish charm, which has made it a hugely popular option for our guests over the years.

When you have reached the hotel you will have the chance to settle into your rooms before a brief introduction to your holiday from your guide, who will also supply you with your cold weather clothing and Aurora alerts. Dinner in the hotel restaurant will follow, in preparation for your first activity of the trip.

This evening you will meet up with your guide who will give you a short presentation on the Northern Lights and the science, myths and legends behind them. You will then be taken on the Northern Lights trail which is located behind the Tunturi Hotel (just a short walk from the cabins). The route circumnavigates the frozen lake behind the hotel and with very little light pollution to the North, it is one of the most convenient Northern Lights viewing spots in the village. Several members of our staff caught their first ever Aurora display here! The total duration of this activity is approximately 3 hours.

You will also have access to Luosto's Aurora Alert Realtime Northern Lights alarm system, free of charge. This system needs to be activated on your smartphone or tablet and requires data-connection or WiFi, please ask reception for details on how to activate it. Using a local sensor from the Luosto area, the alarm system will send you a voice signal if the Auroras are visible in the sky and will inform you how strong the Northern Lights are. Remember to keep your sound on and allow all notifications from the system in order for it to work. Guests can also opt for a paid SMS service.

If the Northern Lights decide to grace you with their presence then there are surely few better spectacles to witness.

Included Meals: Dinner

DAY
2

WELCOME TO LUOSTO

This holiday is all about relaxation and choice. This leisurely itinerary has been designed to provide you with free time to tailor your stay but we've included evening excursions to help maximise your chances of seeing the Aurora.

For the next few days, you can simply take advantage of the village's facilities, which include a few small souvenir shops, some lovely walking trails and also the excellent Amethyst Spa and swimming pool at the Tunturi Hotel (supplements may apply depending on the choice of accommodation).

As many of our guests want to try dog sledding, reindeer safaris, ice fishing, snowmobiling and more during their holiday we can arrange these for you in advance. All of the available options can be found in the '[personalise](#)' section of the holiday page. To guarantee availability, activities should be confirmed with us prior to paying the balance of your holiday, nine weeks before departure. Activities can become fully booked during peak periods and we would hate for you to be disappointed.

This evening will be your only free evening of the trip, so why not take advantage by booking an optional Northern Lights activity, such as a snowshoeing walk through the Finnish wilderness. Your guide will take you out into the wintry landscape in search of the lights on a trek lasting approximately two and a half hours, including a stop for a hot drink and plenty of time to gaze at the night's sky above.

Included Meals: Breakfast, Dinner

DAY
3

NORTHERN LIGHTS DINNER AT AARNIKOTA

Today is once again free for you to do as you wish. Don't forget to check the '[Personalise](#)' section of the holiday page if you would like details of optional activities.

In the early evening, you will head out for another Northern Lights excursion which is a wonderfully special treat. Your guide will lead you through the village on a short walk to a traditional wooden kota building where you will be greeted with a welcome drink. The kota is approximately a 20 – 25-minute walk away and this is taken at a gentle pace. If you do not wish to walk there then the hotel can help

you in arranging a taxi (bookable and payable locally) which will reunite you with the rest of the group for the evening.

Dinner will be a wonderful meal of traditional Finnish dishes all served around the fire. Don't forget to keep an eye on the vast Arctic sky throughout your time here; the Northern Lights are seen frequently from this prime viewpoint. You will be out for approximately 3 hours in total this evening.

Included Meals: Breakfast, Dinner

DAY
4

SEARCH FOR THE NORTHERN LIGHTS BY SNOWMOBILE-PULLED SLEIGH OR BY SNOWMOBILE

Your final day is once again free for you to tailor your time, being as active or relaxed as you wish.

Tonight you will have dinner at the nearby Hotel Aurora so that you can sample the fantastic menu of this boutique hotel. The Hotel Aurora is only a short walk away from the Tunturi and we recommend having an early meal tonight, as your evening's activity will start at 6 pm (or 7 pm if you are travelling in March).

Following dinner, you will spend your last evening of the trip gliding through quiet forests and over snow-covered fells on a snowmobile safari. In keeping with the relaxed nature of this itinerary, you can decide whether you would prefer to relax in a cosy sleigh as you speed beneath the lights, or take control yourselves and drive, two people per snowmobile, into the darkness. Please note that you must be over the age of 18 and hold a valid UK driving license in order to drive a snowmobile.

Your guide will take you to an Aurora look-out which is positioned ideally for spotting the Lights. Hopefully, they will make an appearance, shimmering and dancing above you as you enjoy a hot drink and a bun around a campfire, and also on your drive back to Luosto. The activity will last for around three hours in total.

If you would like to spend your final night in one of the delightful Arctic View Rooms at the Hotel Aurora then we can arrange this for you this evening. Please see the '[Personalise](#)' section for details.

We always try to provide an approximation of the group size you can expect to be with for the duration of each of our holidays. It may be that you are joined by others for parts of your holiday (such

as transfers and particular activities) but the above number reflects those you can normally expect to be with from beginning to end. If group size is something which is particularly important to you, please speak to our Travel Experts and they can suggest the best holidays for you.

Tailor-made holiday group sizes will vary for all activities as will the group size for any additional activities you book.

Minimum numbers required for a holiday to operate

Some of our holidays require a minimum number of participants to operate (as listed in the 'Group Size' section). If your holiday departure has not yet reached the minimum number, you will be told at the time of booking. In the unlikely event that your chosen date is not guaranteed by nine weeks before your scheduled departure date, we will contact you to discuss the available options as per our [booking conditions](#).

Minimum and maximum age

If a specific minimum age applies to this holiday, it can be found in the Key Facts box on the holiday Overview page.

Unless otherwise stated in the Key Facts box on the holiday Overview page, the minimum age for participation in an Aurora Zone holiday is typically 12 years old (there may be younger children in some destinations who have booked with other companies). If an adult-only environment is important to you, then please contact our Travel Experts and they will advise on the best dates and destinations for you. If you are looking for a holiday designed specifically for families then please see our sister company www.activitiesabroad.com.

Itinerary amendments

The order of activities listed in this agenda is provided for guidance only, your final and detailed itinerary will be provided either with your final travel documents (which are uploaded into your online account around a week prior to departure) or upon arrival.
