Not far from the frozen Bay of Bothnia, Pine Bay Lodge sits by a pretty lake, surrounded by pines – a wonderful place to tailor your holiday in Swedish Lapland. Choose from a superb selection of snow-based activities such as dog-sledding, snowmobiling and Northern Lights hunting.

## Our Opinion

“ *What I particularly loved about Pine Bay Lodge was its incredibly warm and social atmosphere. When you aren't taking part in activities, I recommend spending time in the welcoming lounge area, where you can exchange tales of adventure with fellow guests and meet a great mix of people. The fact that the lodge is set in such a splendid natural area makes it just the place to tailor your own holiday.* ”

## Trip Overview

Built in a typically Scandinavian style, Pine Bay Lodge in Lulea is an excellent accommodation option, offering home comforts in a beautiful natural setting. It sits by a lake in the snowy woods, tucked away in a wilderness playground. Guests can eat and relax together in the welcoming lounge area with its large fireplace after spending a day exploring the surroundings. We have included half-board meals, so you will be well-fed during your holiday!

This holiday format lets you create your own itinerary, mixing favourite activities and experiences you have been longing to try. There are many options in our selection, which can be seen in the 'Activities' tab above. Feel the adrenaline rush of driving a husky sled through the white landscape. Amp the speed up further with a snowmobile safari through the surrounding forests or journey all the way to the island of Brändöskär and gaze at the incredible pack-ice formations all around.

You can drop the pace and take part in some activities that combine nature and culture. Try a winter skills session, learning how to start a fire and prepare hot drinks in the wilderness. Alternatively, have a go at ice fishing and pick up the art just like the locals.

Pine Bay Lodge is located inside the Aurora Zone, so it will be well worth spending your nights in search of the Northern Lights. You can relax in a snowmobile-pulled sled as your guide drives you along, or take to snowshoes and follow an expert to the best viewpoints.

Two truly unique holiday items are the hovercraft tour and the Aurora hideaway dinner. The first takes you around the local islands and is an excitingly different way of travelling. The second has you eating a delectable meal while sitting inside a cosy hut, which is taken to the best Northern Lights viewpoints via a snowmobile-pulled sleigh.

However long you choose to stay, you will be given cold-weather clothing and have specialist guides to show you the way on activities.

## Our pick

### Northern Lights Snowmobile Tour

This trip combines the best of both worlds. Experience an exciting snowmobile adventure through the Arctic night, leaving the Lodge and all artificial light behind you which also increases your chance to see the Aurora! The wintry landscape will be illuminated only by your headlights reflected by the snow, and of course the moon and stars above.

Snowmobiling is the best way to travel in the snow-covered landscape of Swedish Lapland. You don't need to head far out onto the sea ice or into the forest to

embrace the feeling of being in the wilderness. This Northern Lights snowmobile tour takes you to some of the best viewing locations in the area for potential Northern Lights.

You will share a snowmobile between two (if you wish you can drive your own for a supplement) as you navigate your way through the dark winter landscape accompanied by your experienced guide. The guide will frequently make short stops to tell you about the Northern Lights as a phenomenon, how it occurs, and for you to watch and have time to take your own pictures.

Anyone wishing to drive a snowmobile must be at least 18 years old and in possession of a full driving licence.

**Duration:** 2.5 hours

### ACTIVITIES

## Arctic Astronomy

After an early dinner, you will have a short transfer to the nearby home of Ulf Jonsson, an amateur consultant of aviation, space and photography who has built his own small, but fantastic, observatory.

Ulf will take you through the range of binoculars and telescopes on offer. Then, the roll-away roof will reveal the night sky and you'll get a brilliant view of the wonders overhead.

Ulf will point out constellations and explain how different cultures perceive the stars. If the moon is visible, you can track along the surface to observe the craters and mountain ranges. Of course, the real highlight in this part of the world is the Northern Lights and if conditions are favourable, you may get one of the most detailed views of this wonder. Should the Auroras appear, Ulf will also help you with your camera settings to capture this special moment.

**Duration:** 3 hours, including transfers

## Cross Country Skiing

Have some fun in the snow as you learn how to travel across the frozen wilderness just like the locals do. During this cross-country skiing activity, you'll explore the winter wonderland surroundings of the lodge and get a real back-to-nature experience of the Lappish landscape.

Your local guide will teach you all the techniques needed to use the cross-country ski equipment. Then, once you are fitted with your skis, you will follow your guide along the snowy trails.

The weather and snow conditions will determine which route you will take - either along the solid-frozen sea, through the enchanting forest or gliding across the specially-carved snowmobile tracks. You will also stop to warm up with hot drinks along the way and enjoy the peaceful surroundings.

**Duration:** 2 hours

## Sámi reindeer experience

Gain an authentic insight into the Sámi culture and learn all about the significance of reindeer in the Arctic during this Sámi reindeer experience day.

You will meet with Henrik Andersson, a local Sámi man who will show you his way of life as you learn all about his culture.

Taking the short walk from Brändön Lodge to the reindeer enclosure, Henrik will talk to you about the life of these wonderful animals, the eight seasons of the region and how nature plays a major role in life in the Arctic.

You will then walk with the reindeer into the forest and towards a Sámi tent. Here, you will sit around an open fire with a hot drink and talk more with Henrik before enjoying a lunch of fresh and traditional ingredients.

**Duration:** 2.5 hours starting at 10am

**Available:** 17 Dec 2022 – 04 Apr 2023

## Icebreaker

The frozen sea is a sight to behold. A vast, thick sheet of shimmering white, stretching out far into the distance, it is hard to believe that the ocean lies below. The ship then cuts through the ice with apparent ease and suddenly the water is revealed. Shards of Ice surround the boat and you would be forgiven for wondering whether you are on an expedition to Antarctica. The title of the ship 'Arctic explorer' conjures up images of historic voyages and when you get out onto the open ocean it is difficult not to feel a sense of adventure.

You will take a 35-minute transfer to Luleå from your accommodation at Brändön Lodge or Pinebay Lodge, before picking up a second transfer from Luleå to Piteå, which takes approximately 50 minutes. Following an introduction and safety briefing by the ship's captain, the journey will begin in Pitsundskanalen, which is where the mouth of the river Piteälven meets the open sea. A mere 100 yards ahead of this point, the ocean opens out and there is a seemingly endless display of ice, which is easily broken by the 'Arctic Explorer'. The ship leaves a trail of ocean behind and this makes it possible to bathe in the freezing water.

You will be given survival suits which will provide protection from the cold and also prevents you from getting wet. Following this, you will have the opportunity to float on the water. It is an invigorating experience, and when you are lowered into the ocean you may have feelings of trepidation, but this is soon replaced by delight. You can also experience walking upon the thick Ice of the frozen sea, which is a surreal experience, particularly if you imagine the contrast of a summer's day, where the water is flowing freely.

A hot drink and survival suits are included.

**Duration:** 2 hours cruise (5 hours total, including transfers and preparation time)

## Aurora hideaway dinner

For an extra special evening during your holiday, we highly recommend the Aurora Hideaway Dinner, a unique dining experience. This small hideaway is one of a handful that effectively offers a cosy "restaurant on the frozen sea". At the beginning of the winter season, the hideaway is moved around the archipelago by snowcat to ensure that it is in the best possible location on the Bothnian Bay.

You will travel via snowmobile-pulled sleigh into the wilds, where you will soon see the glow coming from a small hut in the distance. The heat from a cosy fire will await you inside.

Upon arrival, you will be served a drink of your choice (either wine, beer or a hot drink – any further drinks can be added to your room bill to be paid at checkout) along with a delicious soup. Your main course will then be prepared on an open fire before pudding and hot drinks are served.

We strongly recommend that between courses you pop outdoors in order to gaze at the sky, as the Northern Lights have been known to interrupt these meals! Your guide will also have snowshoes available for you should you wish to explore the surrounding area (close to the cabin) whilst your next course is being prepared.

If you are booking this activity from Pine Bay Lodge then a short car transfer will be required initially.

**Duration:** 2.5 hours (approximately)

**Available:** 17 Dec 2022 – 04 Apr 2023

## Ice fishing

Ice fishing is an incredibly popular activity in the Nordic Countries. You will be led to a fishing spot in a snowmobile-pulled sled.

Your guide will demonstrate how to drill through the ice and set up a fishing line.

It will then be a test of patience and luck to see if you make a catch – perch are commonly caught in the waters here. As you wait, you can sit back with a hot drink and sweet snack.

**Duration:** 2 hours

**Available:** 17 Dec 2021 – 04 Apr 2023 (start and end dates depend on ice conditions)

## Hovercraft tour on the sea ice

An experience which is only available in this part of Swedish Lapland, this hovercraft tour is a genuinely unique means of exploring the Luleå Archipelago. As you are driven along, you can look for sea eagles and seals. There will also be a break to walk over the sea ice and make the most of the outstanding scenery.

**Duration:** 2.5 hours

## Husky Sledding - Self Drive

Riding a husky sled is definitely one of the most popular activities in Swedish Lapland. Having been transferred to a local husky farm, you will meet the enthusiastic dogs that will pull you along before learning how to control a sled. You will then head off following your guide, travelling two people per sled.

## Northern Lights Snowshoe Walk with Wilderness Dinner

Snowshoes allow you to easily get over areas of deep snow. This is particularly useful when trekking to find the Northern Lights because you will be able to get to less accessible Aurora-spotting locations.

After walking through the snow-covered forest, your guide will prepare a fire and begin cooking your evening meal, as you discuss the science behind the Aurora and learn about the local area. Hot drinks will keep you nice and

warm as you look to the skies in search of the Northern Lights.

**Duration:** 3 hours including outdoor dinner

## Full Day Dog Sledding Self Drive

This tour is for adults only, so if you fancy something more active, then this full-day dog sledding tour certainly offers that.

You'll transfer to a husky farm, approximately 1 hour away, where you will be given expert guidance and tuition on how to control your team of dogs and how to drive the sled. You'll ride two people per sled, with several chances to swap drivers along the way, travelling through snow-covered forests and frozen lakes.

The tour involves approximately 4 hours of dog sledding, with breaks along the way, covering between 30-50km, depending on conditions. The tour also includes a wilderness lunch, cooked over an open fire and you will also get to spend some time with the dogs during and after the tour; a great photo opportunity!

Please note that the price does not include the cost of the transfer – please speak to one of our Travel Experts for a full quotation.

**Duration:** 6 hours in total (including transfers), approximately 4 hours of dog sledding (including lunch break)

## Northern Lights Sled Tour

Enjoy a speedy search for the Northern Lights where you can relax at the same time. As you sit back on cosy reindeer pelts in a sled, your guide will pull you along with their snowmobile. **Duration:** 4 hours including lunch

## Included Accommodation

### Pine Bay Lodge (Nights: 1-3)

The lodge is located on the coastal edge of the Luleå Archipelago offering views across the frozen sea and surrounding snow-clad forests. There is minimal light pollution here, resulting in the night sky producing stunning displays of the Northern Lights if conditions are right.

The words homely and charming immediately spring to mind when describing Pine Bay Lodge (Furufjärden in Swedish). It offers a 'home from home' style of accommodation, which is comparable to that of a ski chalet.

Pine Bay is the kind of place that makes you feel like you want to curl up by the fire and relax with your slippers on; highly recommended after a day of adventures.

Our good friend Göran Widén, who owns the lodge, recently told us: "If I come into the lodge and find someone fast asleep on the sofa in front of the open fire, it is the ultimate compliment. For people to be so relaxed and comfortable in the lodge shows I have been successful in creating the atmosphere I had in mind when dreaming of how I wanted my guests to feel during their holiday."

## Hotel facilities

- The lodge is centred on the main lounge area, where the open fire beckons guests to the cosy sofas
- The open plan dining area offers views of the surrounding countryside and at night the chance to keep a watchful eye out for the Northern Lights (many a meal has been interrupted here)
- The kitchen at the lodge is a real highlight and every evening a delicious menu of local produce is carefully prepared for all guests
- A sauna is available to book locally and we do encourage all guests to enjoy the traditional roll in the snow afterwards. This will help you understand the real meaning of the word refreshing!

## Guest bedrooms

The lodge has only eight guest bedrooms in the main building, all with en-suite shower rooms. There is also a family suite of rooms in a small annexe adjacent to the main building. You really could describe this as an 'exclusive destination'. The rooms are very comfortable and provide a peaceful place to lay your head after a day of adventures.
