## Trip Overview

Journey across the Arctic Circle and give yourself an exceptional chance of seeing an amazing Northern Lights display. Easily accessible from the airport, you won't have to travel far to reach Apukka's beautiful winter environment complete with frozen lakes and snowy forests.

There's a good choice of accommodation here. Your stay is based in the relaxing Apukka Apartments but to make your Arctic stay even more memorable it's well worth including a night in the on-site Ice Cabins or one of 30 fabulous north-facing Aurora Cabins.

We include key Aurora activities to take advantage of the excellent field of vision here at Apukka where unobstructed views of the night sky are the order of the day (night!). From the Snowtrain to the Aurora car / minibus, on every outing into the Arctic night, our expert local guides will do everything they can to help you see nature's incredible light display.

Our holidays offer you the full Lappish experience during the day too and with activities starting just across the road, you'll waste no time getting stuck in. The adventure seekers among you will love our dog sledding activity. You'll find yourself taking the helm of a sled pulled by a team of eager canines

and experience what it's like to be a real "musher".

You'll also jump onto a snowmobile and explore the picture-perfect landscapes, expertly chosen by our local guides. In a location like this, we want to give you every opportunity to enjoy the scenery and get a real taste of the snowy winter expanses. Travelling by snowmobile is the very best way to see as much as possible within a short timeframe.

Snowshoes and skis are available to use so you can get out and explore under your own steam. Alternatively, hop on board the Snowtrain and enjoy the brilliant-white landscapes in heated comfort. Please note, most activities start just a short walk away from your accommodation. You will need to cross a road, and while vehicles do pass along this main road (by Lapland's standards), it is not a busy route.

The Apukka Resort is famed as being one of the top locations around Rovaniemi for seeing the Northern Lights. The landscape is largely composed of open lakes and snowy fields which means that views of the sky are rarely interrupted. Our Aurora hunting tours are specially designed and guided, by local experts to give you the best chance of ticking the Northern Lights off your bucket list. What's more, using our own travel experience in partnership with excellent local guides, we've designed a holiday to ensure you fall in love with Finland's incredible countryside by day and by night.

### Aurora Ice Floating

This unique activity is an experience for all the senses. Dipping yourself into the frozen lake may not sound relaxing, but in your high-quality rescue suit, you will stay warm and dry - leaving you to lie back, gently float in the water and look up at the night sky for a potential Northern Lights display.

The activity starts with a transfer of approximately 30 minutes. Here, you will put on the rescue suit over your clothes and head to the water. You will be given full instructions but there is no need to worry about

swimming, as the suits are perfectly designed to help you float. Lie back and relax as you drift on the water - if the weather is clear and conditions favourable, this is an exceptional way to see the Northern Lights.

Afterwards, you will warm up with hot drinks before being transferred back to Apukka.

You will be in the water for anywhere between 10 and 15 minutes (approx) depending on the weather, water conditions and temperature.

## Arctic Sauna Experience

There's nothing a Finn enjoys more than a relaxing sauna. This Arctic Sauna Experience will show you what the fuss is all about.

Making use of the sauna complex on site and with the guidance of a host, you'll have the opportunity to try three different types of sauna.

After a day exploring the Arctic, there is no better place to unwind than in a traditional sauna. At Apukka, you can

relax in the large electric heated sauna as well as in the outside small wooden heated saunas.

However, your holiday is all about trying new experiences and with the Ice Sauna, you'll be hard pushed to find a more unlikely experience. Though the concept seems impossible, you can actually enjoy the steam from the hot stove as you're surrounded by thick ice walls!

To really get into the Finnish spirit, why not try rolling in the deep snow between your sauna sessions? It may sound bizarre, but it is actually a wellness technique used frequently in these parts.

A word of warning, however. Snow holds the temperature of the air so, if it's -15C, that snow roll will be invigorating to say the least!

**Included:** Ice sauna and traditional sauna, towels, seat cover and bathrobe

**Duration:** Max 1.5 hour (10 min Ice Sauna + traditional sauna & shower) operated daily

**Available:** Daily (10:00 - 22:00)

**Maximum occupancy:** 6 people

**Price:** 1-2 people - £193; additional people - £14 per person
